**Early bird  
Registration  
until Feb. 26th  
\$199.00 USD/  
Reg. \$249.00**

**Certification Training**

This comprehensive certification program is for professionals interested in offering the PLAY Project, an evidence-based developmental intervention for young children with autism and their families. The program begins with the Intensive Workshop, followed by a 6 week online course with advanced case studies, on-going supervision, and distance coursework designed to promote mastery of the program.
